

# Sunpak UltraPRO 423

## Highlights

---

The Sunpak UltraPRO 423 high performance carbon fiber tripod with Compact Pistol Grip II ball head is perfect for any serious amateur or working professional photographer using the latest HD/SLR cameras. This is an ultra-light, full size tripod that is among the lightest, most portable and affordable in its class. Constructed of super strong and lightweight carbon fiber with eight layer construction. It also has a super strong, light weight magnesium reverse folding chassis that makes it extremely compact when on the go. For setup the extra large flip lever leg locks are easy to use and the rubber feet with retractable spikes keep it planted.
